"Sunny Disposish"

(Phillip Charig and Ira Gershwin)

A sunny disposish will always see you through
When up above the skies are black instead of being
blue

Mr. Trouble makes our faces roll on not a smile
Without his saying 'so long' (I'm on my way!)

It really doesn't pay to be a gloomy pill
It's absolutely most ridic, positively sil,
The rain may pitter patter
It really doesn't matter
For life can be delish
with a sunny disposish!

It really doesn't pay to be a gloomy pill
It's absolutely most ridic, positively sil,
The rain may pitter patter
It really doesn't matter
For life can be delish
With a sunny disposish!
