Have you ever been sad
Without a reason why
Have you ever wanted cry
though everything is fine

CHORUS

Wheelchairs in a row
Just outside my window
And sometimes when life treats you right
It can be beautiful
Life is beautiful

It sometimes gets to you
Being misunderstood
It's a lonely sensation
And it kills you everytime

CHORUS

And if you look close enough
You can almost see
Trough me that's how pure I am
This unstable man(x2)

CHORUS
