MANIC RAGE

Forget it

These thoughts are fucking up my head

'Cos what I want, I'm never gonna get

I tried hard, I thought we were something

It fell apart, and spiralled to nothing

The story of our lives

Divorce and losing sight

These thoughts I keep inside

Are fucking up my mind

You pulled me so close

Just to push me away

All I see is your ghost

All I feel is the pain

It seems we connected

Just to be disconnected

I feel so rejected

It's fucking pathetic

Whatever I did I'll admit it

Whatever I said I regret it

All the shit that keeps coming between us

Can't we just carry on and forget it?

The story of our lives

Divorce and losing sight

These thoughts I keep inside

Are fucking up my mind

You pulled me so close

Just to push me away

All I see is your ghost

All I feel is the pain

Whatever I did I'll admit it

Whatever I said I regret it

All the shit that keeps coming between us

Can't we just carry on and forget it?

Whatever I did I'll admit it

Whatever I said I regret it

All the shit that keeps coming between us

Can't we just carry on and forget it?

Can't we just carry on and forget it?

Can't we just carry on and forget it?

Can't we just carry on and forget it?
Can't we just carry on and forget it?
