Feet planted in a mold,
Made from the last night's cold,
But splashes of the gold,
Melt what is frozen,

In the air I see my breath,
In my heart the blood runs red,
I'm moving faster than lightning
To a place where the eye can't see

We are rebels in the light,
We won't leave without a fight,
We won't leave without a fight

We are hidden by the night,
We won't live without the light,
We won't live without the light

I only grazed the trees,
Crushed flower beds as I felt the heat,
I came back to life,
Feeling dead from the night,

In my hands I feel the pulse,
In my feet I feel the soil,
I climbed higher than the leaves,
Taller than you and me

We are rebels in the light,
We won't leave without a fight,
We won't leave without a fight

We are hidden by the night,
We won't live without the light,
We won't live without the light

We are rebels in the light,
We won't leave without a fight,
We won't leave without a fight

We are hidden by the night,

We won't live without the light,
We won't live without the light
