(All that I know)
All I know is I'm nothing
(Took me so long)
It took me this long to figure out

(How could I know?)
You thought that I belong to you
(There is the door)
The door is there and you can show yourself out

Me, I've been a fool
I have let you down
You, you never say
How you feel

You say I'm confused
I never understood
The things you want me to
That I just can't do

(All that I know)
All I know is I'm nothing
(Took me so long)
It took me this long to figure out

(How could I know?)
You thought that I belong to you
(There is the door)
The door is there and you can show yourself out

Say important words
You play by all the rules
I try to work it out
Talk it through

But you, you have to know
There's nothing more to wish
I want to let you go
But not like this

(All that I know)

All I know is I'm nothing
(Took me so long)
It took me this long to figure out

(How could I know?)
You thought that I belong to you
(There is the door)
The door is there and you can show yourself out

All I know is I'm nothing
All I know is that I'm nothing
All I know is that I don't know
The fallacies I can't figure out

Say something nice, let me know
I'll be around, you won't show
You've seen the bad I can be
You put the love inside of me

(All that I know)
All I know is there's something
(Took me so long)
It took me this long to figure out

(How could I know?)
I know that I belong to you
(There is the door)
The fallacies I have figured out

All I know is there's something
All I know is there's something
All I know is there's something
All I know is there's something
