I don't need this but I'll stick around  
Finding out why, 'til it comes to town  
I know that all I hear is what you want  
But this isn't the day, while I'll bring it along

I don't need a word, I just wanna hear  
Something of yours that we could not share  
I know all that I need and I'll get it right

I believe that I'll figure it out  
I'll figure it out when I'm done  
I believe that I'll figure it out  
I'll figure it out when I'm done

It's time I realize that it's done  
Away, goodbye, goodbye

Simple procedures of filling in holes  
Is it all lies that you've never been told?  
I know all that you need is out on a wire  
But I can't conceive with all you've conspired

I know now it's all right, I heard it so long  
You've been singing your lies while I'm singing my  
song  
Well, fill in the blanks and I'll get it right

I believe that I'll figure it out  
I'll figure it out when I'm done  
I believe that I'll figure it out  
I'll figure it out when I'm done

This time I realize that it's done  
This time I'll right the rights when I'm wrong  
Away, goodbye, goodbye

I believe that I'll figure it out  
And I'll figure it out when I'm done  
I believe that I'll figure it out  
And I'll figure it out

I believe that I'll figure it out  
And I'll figure it out when I'm done  
I believe that I'll figure it out  
And I'll figure it out 'til I'm done
