I know I was wrong
but I can't hide my feelings
my feelings so strong
and in my mind im dreamin

in spite of the signs
that u will leave me here today
i follow the light
to make say that u should

stay, no matter where you are
you are my shining star
wanna hold u in my arms again

i think that lastin luv
should mean this time apart
i think im lost, lost in luv

u r my only desire
my heart's still burnin like fire
im lost in luv, lost in luv

i think that lastin luv
should mean this time apart
i think im lost, lost in luv

u r my only desire
my heart's still burnin like fire
im lost in luv, lost in luv
