Release me now,
Set me free!
From these bounds of flesh and blood.
Break it's chain!
Melt it's existence!

I hate with black
That whores, delight
That's whole fully morbid.
So cold!

I am pure to the ways of christ
Lucifer, against the gold.

Your will is inside me.
And all your glory and might.

Devour the sun
Kill all life!

In the light of darkness,
My spirit set free!
In the light of darkness,
Shadows and flames
In the light of darkness,
My spirit set free!
In the light of darkness,
In the shadow of the black star!

Black flames,
Dancing before me.
Salvation of burning storms.
From deep below the winds blow,
Inhale the scent of death.

Suffocate, strangle and stab
The center of divinity!
We feel god tremble
Black heart,
Bleed, arise!

Release me now,
Set me free!
From these bounds of flesh and blood.
Break it's chain!
Melt it's existence!

I hate with black
That whores, delight
To call fully morbid.
So cold!

I am pure to the ways of Christ
Lucifer, against the gold.
