[Mo]

This song goes out to that boy
Who used to laugh at me!
Pull my hair, snap on my gear
Yeah shouldn't have wrote this song
But laugh now baby, laugh now

Oh, oh you used to play me like minimum wage
Played me out like a high top fade
You weren't try-na hear nothing I had to say
And ooh you used to laugh at my little shape
My DNA was flatter than pancakes
Now you say I'm off the chain
And I blow you away

1 - Cause back in the day
You wasn't try-na see me
Now you got so much to say
Could it be the money?
Could it be the videos?
Could it be the fly cars?
Could it be you want me cause baby you're just starstruck?

Now you be try-na get backstage
My, my look at how things have changed, hey
What can I say? What can I say?
I done grewed up and filled out in every place
Now you want to be in my face
You want to get up in my DNA
Cause you see I'm paid

Repeat 1

I know that you're Bentley wannabe on my squad
Cause you see we're rolling deep
But too bad you can't be down with me
Sorry, sorry
If you had a been much more good to me
When I, I was nothing
Don't sweat my technique

Cause you wanna be down with me

[Mo](Missy)

I know, I know

You wanna be down

For sure, for sure

I know, I know

(Yo)

You wanna be down

(No, no...)

For sure, for sure

[Missy Elliott]

I'm the bitch like I told ya

Why you all up in my grill like I know ya?

And them styles that you kick I did before ya

All that junk that ya talkin' ya need to slow it up

I used to be a nobody till I blowed up

Every show that I do a million shows up

They say Missy how you've done tore up

I blow through like a vroom bulldozer

Soldier, make it hot like a solar

I break it down, break it down to the floor uh

Smell musty motherfucker naw show ya

The funky feeling worth a million and some more

Gettin' tipsy off of Henney then I throw it up

I call home BLING BLING got me shining up

Call Mo BLING BLING then I shine it up

I keep a fo' for life then nail when it's time to fuck

Star struck!

Repeat 1 (2x)

Ow! Yeah, yeah

Laugh now baby

Laugh now baby, uh-huh

Laugh now baby
