[Verse 1]

I'm writing you this letter just to let you know
even though through out the years my feeling never
showed
You were just a little girl when I fought for mi clicka
I remember times I had no peace of mind
You see I had to hussle cause I couldn't find work
I didn't know that when I left that your feeling were hurt
daddy please don't go the streets are bad
how could I explain that I had to be a man
risking all my vida every hour of the day
I always cruise around looking every single way
just to take you to the park I always said tomorrow but I
said that every day
then I'll kick it in the barrio mija understand daddy only
wants the best
the day you were born I knew that I was blessed
Now I'm ready to change
I know it the only way
let me wipe your tears cause your daddy's here to stay

[Chorus]

I got something that I want to say
daddy's home and I'm here to stay
No need to cry cause I'm not going away
(I love you daddy) daddy's home and I'm here to stay

[Verse 2]

It's the rage of my god please don't take me away
I want to be with my family but I killed a man yesterday
You saw 'em coming up and your face showed fear
don't take away my daddy and I couldn't wipe your tear
They shoved me in the car mija please don't cry
they were taking away your daddy and you didn't know
why
let me go I'm a man and I wana be free
found me guilty so they sent me to the crazy
penitentiary
Now I never see you cause you hardly ever visit
You had your quincianera and I missed it
to many long years and I couldn't see you grow

You're the only one I love but you didn't even know
I looked through my letters
to make me feel better
I could tell your little tears dried up on the letter
I miss you daddy cause now I'm grown
times are getting hard when your daddy's never home

[Chorus]

[Verse 3]

I'm sorry little mija that I chose this route
I didn't realized what this life is all about
I waited for this moment for so long
I don't know how I lasted feeling strong
Now I'm standing by your side and I'm here to stay
I'm never gona let anyone take you away
Forget what I did
cuz I was never there
cuz you just got to know that I'll always care
I missed it all your first day at school
Every single birthday man I played a fool
How could I have been so blind
The love I was looking for was their all the time
I see your face and you cry I felt the swelling in my
chest run deep inside
Querida your my angel the girl of my dream
Even though in the past I did some crazy things finally
daddy's here
To wipe your tears away put your head on my shoulder
cause daddy's here to stay

[Chorus]

I'm sorry mija
no need to cry cause I'm not going away
