(VerlaineHell)

I stood and stared at her face and nothin seemed to
come
And then she smiled and that look just licked me like a
tongue

Because love comes in spurts for sure
Though sometimes it hurts far more
You just get love in spurts

I held her waist and her wrist and I kissed her in the
hair
Forgotten love started pumpin like a fountain inside
there

Because love comes in spurts for sure
Though sometimes it hurts far more
You just get love in spurts

Oh darlin love'll come pump in your soul two feet deep
Two minutes later alligators'll chew you in your sleep

Because love comes in spurts for sure
Though sometimes it hurts far more
You just get love in spurts

Oh my honey wipe the tears that streak down your
cheek
And don't you think I don't care, you only do 'cos you
feel weak

Because love comes in spurts for sure
Though sometimes it hurts far more
You just get love in spurts, in spurts, in spurts, in
spurts...
