Well I'm tired and confused
The way you treat me I feel so abused
I can't let go and you can't be true
What's a girl to do with a man like you?

You stay out late, sometimes all night
When you come in, we wind up havin' a fight
I wish someone would tell me I haven't got a clue
What's a girl to do with a man like you?

What's a girl to do when she should walk away
What's a girl to do when her heart wants to stay
She just tries to hold on but it's just no use
What's a girl to do with a man like you?

Sittin' on the bed with my head in my hands
Watchin' you dress, you're going out again
You got to know treatin' me like a fool
What's a girl to do with a man like you?

What's a girl to do? What's a girl to do?
What's a girl to do with a man like you?
