Samantha, I know you feel life has no meaning, at all.
Samantha, I know your hurting and he broke your heart.
Don't try to fake it , ooooh
Your gonna loose it, you have to go through it.
You will make it, ooooooh
If your gonna loose it, I'll help you go through it.

Lift your head up high girl, ooooooh ooooh ooh
You need to be yourself, ooooooh ooooh ooh

Sounds like, you've given him the best of you
I promise, give it some time and it will be all right
We'll make it better, ooooooh
He'll be the looser when all this is over
Cry you tears out, ooooooh
I'll be there for you and I'll help you go through it

Lift your head up high girl, ooooooh ooooh ooh
You need to be yourself, ooooooh ooooh ooh
Lift your head up high girl, ooooooh ooooh ooh
Cause this will make you stronger, ooooohoooooh
(Make you stronger, head up high girl, head up high girl)

Lift your head up
Lift your head up high girl, ooooooh ooooh ooh (Lift your head up high, girl)
You need to be yourself, ooooooh ooooh ooh
Lift your head up high girl, ooooooh ooooh ooh
Cause this will make you stronger, ooooohoooooh
Lift your head up high girl, ooooooh ooooh ooh (lift your head up high)
You need to be yourself, this will make you stronger.
