I never told you no lie
I trusted your eyes
must have been crazy to

coz you were foolin' around
I never knew
Till I saw you
with "what's her name"

You can tell me anything
You can say whatever you want
Love don't live here no more

Now I'm taking back my heart
(And everything I ever gave to you)
(Every single word I said to you)
They don't belong here no more
(And everything I ever gave to you)
(Every single word I said to you)
They don't belong here no more

I don't need you no more
Telling me lies
Don't want to compromise

You can tell me anything
You can say whatever you want
Love don't live here no more

Now I'm strong enough to part
(And everything I ever gave to you)
(Every single word I said to you)
They don't belong here no more
(And everything I ever gave to you)
(Every single word I said to you)
they don't belong here no more

Oh, baby I once believed

Now I'm taking back my heart
(And everything I ever gave to you)

(Every single word I said to you)
They don't belong here no more
(And everything I ever gave to you)
(Every single word I said to you)
They don't belong here no more
