It,s unbelievable to me  
that you,re still scratching out your songs  
are you waiting  
for one to come along and save you

It,s unbelievable to me  
you,re still ekeing out your need  
are you waiting for someone  
to come along and believe in you

there is no better you  
you are good as you are

are you waiting  
for someone to believe in you

there is no better you  
you are good as you are

there is no shame in living  
there is no shame in giving more than you receive  
there is honour in believing  
honour in believing in you.....yet
