I don't want to have anything to do
with you anymore, oh yeah, I'm rid of you.
You tried to take me in, you tried to take me out.
And by your good intentions I have been messed
about.

And all the things you did, you say you did them for me
Well I cut myself looks from those things not free
Yeah, you are out of me and I'm breathing fresh air.
I'm the best from all of us, not that I care.

I DON'T CARE IF YOU LIKE ME

All the things you did in the privacy
Of our home, yeah you did them to me.
I don't hate you now and I don't think I will.
I guess I'm being indifferent to you at full tilt.

I DON'T CARE IF YOU LIKE ME

NO, I DON'T CARE IF YOU LIKE ME
