I'm planting three seeds of positivity, yeah!  
Outside my window, let them grow  
Gonna give 'em water, yeah, yeah!  
Every day  
And every hour  
I'm gonna watch  
Them flower, woo!  
I'm heading west, I rediscover, oh yeah!  
Every time I hear myself sing (guitar)  
Happiness don't amount to nothing, nothing!  
And that is why  
That I'm so happy  
I'm gonna see my roots  
Gonna see what can be  
Can be, can be, can be, yeah!  
I'm back in the garden, it sure smells sweet  
I'm giving thanks, thank you!  
Where there's sun  
Seeds will grow  
With the sand  
It is all over
