In
My
House
Is
Shit
In
My
House
Is
Shit
Bite red marks like spider bites
My house is full of clover mites
They crawl all over me at night and die
My clover mites crawl on me
And die
My clover mites
They love me at night and die
All I have are spider bites
My house is full of clover mites
They crawl at me on night and die
My clover mites crawl on me
And die
Probably in the house for a couple of days
And then they die
In the house
