I was standing by the ocean when I saw your face

I couldn't look at you.

I guess you knew it

but I never realized that we were through.

And now I've done it all alone with every feeling that I own

You can't take that away.

And with every breath we take and the illusions we create

Will come to you some day.

And I was touched by the hand of God

I never knew it

but of course I was.

I never hoped to do the things in this world I wanted to

Because everything I own

it belongs to you.

I have never looked at you in a sexual way in my life before

And I've never woken up like this so desperately before.

And I was touched by the hand of God

...

I was touched by the hand of God

...

Touched by the hand of God

...

I was touched by the hand of God

...

I was touched

I was touched

I was touched.
