LeAnn Rimes - Can't Fight The Moonlight
From the album "Coyote Ugly Soundtrack"

gonna be with you
and noone's gonna be around
if you think that you won't fall
well just wait until
til the sun goes down

underneath the starlight - starlight
there's a magical feeling - so right
it'll steal your heart tonight

you can try to resist
try to hide from my kiss
but you know
but you know that you can't fight the moonlight
here in the dark
you'll surrender your heart
but you know
but you know that you can't fight the moonlight
no, you can't fight it
it's gonna get to your heart

there's no escape from love
was a gentle breeze
weaves it's spell upon your heart
no matter what you think
it won't be too long
til your in my arms
underneath the starlight - starlight
we'll be lost in the rhythm - so right
feel it steal your heart tonight

you can try to resist
try to hide from my kiss
but you know
but you know that you can't fight the moonlight
here in the dark
you'll surrender your heart
but you know

but you know that you can't fight the moonlight
no you can't fight it
no matter what you do
the night is gonna get to you

don't try then
you're never win

part of me the starlight - starlight
there's a magic feeling - so right
it will steal your heart tonight

you can try to resist
try to hide from my kiss
but you know
but you know that you can't fight the moonlight
here in the dark
you'll surrender your heart
but you know
but you know that you can't fight the moonlight
no, you can't fight it

you can try to resist
try to hide from my kiss
but you know
don't you know that you can't fight the moonlight
here in the dark
you'll surrender your heart
but you know
but you know that you can't fight the moonlight
no, you can't fight it
it's gonna get to your heart Please Visit Our Sponsor.
