[Wyclef]

(Come on)

Root to the fruit

More bass than Bootsy Collins

You verses me

Thats like Ali verses Foreman (a-ha)

God's act, stand back and watch

Devil's time out

Can't be timed with no swatch watch

Who I am, the black Abraham

Zunga zunga zang, yellow man, Vietnam

Add an extra bar as I spar with literature

Taking kingdoms from tsars

Winning more wars than the Moors

[Forte]

Hey, what's the deal?

I seen the Devil spar with Allah

Mathematics was the key to set my whole race free

You might debate we, a refugee

No harm hurt me

Dying, thirsty from the struggle

To my own hustle bubble

On the low, woe is me

To show the Free Bob right

The righteous Asiatic thinker

While Satan rob light

Civilised like the Molly

Burgundy, wildy rocking

Seen the fifth when Ali clocked him

John Forte will keep you locked in

[Q-Tip]

People all around

You got to recognise and witness

The Mister who swift enough to knock you out with Mic  
fitness

Hands blistered from holding the mics tight

Some say it's fright night

Well throw the R after the F 'Cause I'm gonna take away  
your breath

The bell rings and now it's just a daily operation  
Yo, you saw my lubrication  
You can see this occupation (The winner)  
Eh, you know we're from Q-Borough  
L-Booie and Clef the trainers, Prazwell promote the  
throw

[Lauryn Hill]

We used to bite bullets with the pig-skin casing  
Now we perfect slang like a gang of street masons (uh)  
Scribe check make connects  
True pyramid architects (yeah)  
Replace the last name with the X (X)  
The man's got a God complex  
But take the text and change the picture  
Watch Muhammad play the messenger like Holy  
Muslim scriptures  
Take orders from only God  
Only war when it's Jihad  
See Ali appears in Zaire to reconnect 400 years  
But we the people dark but equal give love to such  
things  
To the man who made the fam' remember when we  
were kings

Blocks on fire (Block's on fire tonight)  
Fiends getting higher (uh-huh)  
Robbing blue collar  
(Hey yo we rob them blue collars)  
Killing for a dollar (Stick 'em up)  
Youths get tired (Ali ah yeah)  
We're dealing with them liars (Ali ah yeah)  
(We're dealing with too many liars)  
From Brooklyn to Zaire (uh-huh ah yeah)  
We need a ghetto Messiah (ah yeah come on)

Send me an angel in the morning, baby  
Send me an angel in the morning, darling  
Send me Muhammad in the morning, baby  
Send me an angel in the morning, darling

[Ali Shaheed Muhammad]

Once the pen hits the pad it's danger  
To this I be no stranger  
Step inside the ring and I'll derange you (Come on)  
I'm hearing no comments  
Everyone looks dispondent  
Dejected, rejected similiar to Liston  
Catching lists  
Beat it, sonny  
My man is still the greatest in this

To hell with Frazier yappin' about that negative shit  
Now listen, you can try and escape if you want to  
But ask yourself, who the hell you gonna run to  
Like Sade Abu you got a punch that I can sleep to  
Fugees, Tribe, Busta Rhymes forever coming through

[Prazwell]

We sing Amazing Grace over two dollar plate  
One roll snake eyes like Jake The Snake  
Many lies put up for stakes  
Wash our sins at the Great Lakes  
You and I cannot see eye to eye  
So therefore we cannot relate  
I'm here when I make myself crystal clear  
You fled to Cape Fear when I laced you in Zaire  
Tussle with a lasso in the Royal Rumble  
Seperate boys from men in the concrete jungle

[Busta Rhymes]

I remember when Cassius Clay flipped the script  
Taking trips to Zimbabwe  
Africans started calling the God Ali Bumbaye (so bwoy)  
It be the God stricken, God nutrition, lightly stricken  
(ha)  
Blow that make you feel like you was poison bitten  
Ha yo I'm 'bout to blister you and your sister  
Predicting every ass whipping before my fights my  
nigga  
This be your last warning once you walk past the  
doorman  
Ali and Foreman gonna lock ass until the morning  
Marvellous finances provided by Joseph Mobutu  
Special guests of honour like the Archbishop Desmond  
Tutu  
We watched the Rumble In The Jungle  
To see who be the targeted uncle to be the first to fall  
and fumble  
Nuff blows they gettong thrown, like solid milestones  
Internally shaking up niggas, imbalance your  
chromosones  
With the force of a thousnad warriors  
When I bust your ass identify me as the lord victorious

Blocks on fire (You're a star)  
(Blocks on fire)  
Fiends getting higher (You're a star)  
Robbing blue collar (You're a star)  
(Yeah rob them blue collars)  
Killing for a dollar (You're a star)  
Youths get tired (You're a star)  
(Youths getting tired)

We're dealing with them liars (You're a star)  
(We're dealing with too many liars)  
From Brooklyn to Zaire (You're a star)  
We need a ghetto Messiah
