Last night I had to stop and catch my breath  
Cuz there you were  
Reaching Out to your old girlfriend  
You thought I wouldn't find out  
You thought that I would not hear the words  
Though I wasn't listening I still heard  
You say about me:

She's got me wrapped around her finger  
Just like a melody to a song  
I don't know how I can tell  
But I know that we belong  
It's time to put my anchor down  
The search is over now  
It's over now

Now I hold all the cards  
Yeah, I can just play this game  
Or I can be the brave one  
And tell you that I feel the same  
Ohh How my body's helpless  
How I found a home here with you  
I'm scared of what would happen  
If I told you the truth

That you've got me wrapped around your finger  
Just like a melody to a song  
I don't know how I can tell  
But I know that we belong  
It's time to put my anchor down  
The search is over now

I've always been a restless heart in love  
With the promise of you  
Now the promise has come true  
It's over now  
It's over now  
Boy it's over now

You've got me wrapped around your finger  
Just like a melody to a song

I don't know how I'm gonna tell you  
But I know that we belong  
And it's time to put my anchor down  
The search is over now  
It's over now  
It's over now
