Used to be - that i believed  
That forever would our love be strong  
But gradually - it came to be  
That we couldn't even get along, as time proved me  
wrong

It's never gonna be the same  
It's never gonna change for better  
And when I wanna talk it over you turn away ... Don't you  
know

That we're standing on the edge of time  
In the shadow of a love we left behind  
You and I need a miracle ...  
Now I know Lady Luck is not a friend of mine  
So if we're gonna stay together  
It's gonna take a miracle

It's in the air - It's everywhere  
Doesn't matter what I do or say  
A broken dream is all we share  
Still you'd rather go from day to day, and pretend  
we're OK

It's never gonna be the same  
It's never gonna change for better  
And when I wanna talk it over you turn away ... Don't you  
know

That we're standing on the edge of time  
In the shadow of a love we left behind  
You and I need a miracle ...  
Now I know Lady Luck is not a friend of mine  
So if we're gonna stay together  
It's gonna take a miracle

I feel it in the air - it's everywhere  
It's all around us...  
It's never gonna be the same  
It's never gonna change for better

That we're standing on the edge of time  
In the shadow of a love we left behind  
You and I need a miracle ...  
Now I know Lady Luck is not a friend of mine  
So if we're gonna stay together  
It's gonna take a miracle
