Rejected to the bone, I started right on my own  
So many disbelievers try to win them over  
I struggled through the day, just tried to find my own  
way  
Until I met my saviour, until you won me over

Now it's you and me on a winning streak  
Got a feeling we do belong  
To this magic spot right here at the top  
Where the feeling it can't go wrong  
Cause is you and me on a winning streak  
This is where I loved to be  
Cause as long as you're with me  
It's a winning streak

My head is spinning round, I pinch my arm and  
somehow  
I manage to believe in, all those different feelings  
I'm standing in the light, because of you and tonight  
We celebrate together, don't make it last forever

Now it's you and me on a winning streak  
Got a feeling we do belong  
To this magic spot right here at the top  
Where the feeling it can't go wrong  
Cause is you and me on a winning streak  
This is where I loved to be  
Cause as long as you're with me  
It's a winning streak

I tried to recall, how did we get here?  
Must be something out of my control  
Out of my hands, out of this world  
We keep it the bad way

Now it's you and me on a winning streak  
Got a feeling we do belong  
To this magic spot right here at the top, and there's  
nothing that can go wrong  
Now there's you and me on a winning streak  
I know we do belong

To the magic spot right here at the top  
We know we can't go wrong  
Cause it's you and me on a winning streak  
There's where our love should be  
Cause as long as you're with me  
It's a winning streak
