Can't even help myself  
I'd rather be going on  
Than quitting right now  
Can't even tell myself  
That our love is dying  
And fading away  
What can I say  
To make you stay

What can I do  
To be with you  
How can I show  
My feelings to you  
And you know it's true  
All I need is you

Can't even express myself  
Knowing you don't believe the words  
I say to you  
And I'll always be true to you  
You are my everything  
What can I say to you  
To make you stay

What can I do  
To be with you  
How can I show  
My feelings to you  
And you know it's true  
All I need is you

What can I say  
To make you stay  
What can I do  
To be with you

What can I do  
To be with you  
How can I show  
My feelings to you  
And you know it's true

All I need is you

What can I do  
To be with you  
How can I show  
My feelings to you  
And you know it's true  
All I need is you

And as I said before to you  
All I need is you
