Draznik

Left here, right in the dark
Slouched in the corner, tryin' to make a new start
Not getting any warmer, you got a cold heart
Icicles falling, the points are so sharp

'Cause the next one's going to be the best one
Get my attention, aÂ ? in the ocean

Left here right in the dark,
Not a clue to my name, you sit and throw darts
With uncanny aim at my open heart
Got a new flame, don't think he's so smart

'Cause the next one's going to be the best one,
Get my attention, aÂ ? on the ocean

Tell me baby, what's his name?
Speak to me honey, or are you ashamed?
I'm a little uneasy, a little bit pained
To see you there
The perfect pair
How could you dare?
I've been framed

Lights out, everybody hide
Just pretend that nobody died
Close your eyes and let everything slide
Plug your ears, you won't hear us collide

'Cause the next one's going to be the best one
Get my attention, aÂ ? on the ocean

Tell me baby, what's his name?
Speak to me honey, or are you ashamed?
I'm a little uneasy, a little bit pained
To see you there
The perfect pair
How could you dare?
I've been framed

Left here right in the dark
Left in the dark
Right in the dark
Left in the dark
Right in the dark
Left in the dark
Left in the dark
