He gives us all his love

He gives us all his love

He's smiling down on us

>From up above

And he's giving us all his love

He knows how hard we're trying

He hears the babies crying

He sees the old folks dying

And he gives us all his love

If you need someone to talk to

You can always talk to him

And if you need someone to lean on

You can lean on him

He give us all his love

He gives us all his love

He's smiling down on us

>From up above

And he's giving us all his love

He's smiling down on us

>From up above

He gives us all his love
