(Verse)

Cut loose, I don't want her
Unless our lips
I hear your voice whisper to me
They ain't lie, feels so skin tight
Away from midnight
To bring you back to me

(Chorus)

I need the night to bring you back to me
Back to me, back back to
I need the night to bring you back to me
Back to me, back back to

(Verse)

Shadows fall like rain drops
And the men rush,
I see your hands reaching for me
Capture, another rapture
Our little secret will bring you back to me

(Chorus)

I need the night to bring you back to me
Back to me, back back to
I need the night to bring you back to me
Back to me, back back to me

I need the night to bring you back to me
Back to me, back back to
I need the night to bring you back to me
Back to me, back back to me
