Have you seen them playing car games
Revving up your heart before the lights change
Have you been there, and not been aware
That you are the victim of a highway love affair

Thru your window there's a stranger
Cruising right beside you, courting danger
When your eyes meet, for one second you believe
You're another victim of a highway love affair

Chorus:

Car games - faces with no names, freeway lovers lanes
Car games - silent rendezvous, for a mile or two
Playing car games

Every morning there's another chance to fuel the
fantasy all over
Are we cheating, if it's only in our minds
Have you been a victim of a highway love affair

chorus

Silent rendezvous, for a mile or two
Playing car games, car games
