I'm gonna go out tonight, gonna feel alright
If it tears me right in two, 'cause I just can't stay feeling
this way
With a heart that's full of you
I'm gonna go right down to a part of town, where I've
never been before
And in some small place, find a brand new face, and
step out on the floor

And I'll be

Chorus:

Dancing 'round and 'round, and I'll be satisfied if I can
just hold my ground
And if he helps me to keep your memory down, I'll be
dancing 'round and 'round

Well you put some distance 'round you, I know I meant
to see
There's a space inside for someone, but I know it isn't
me
So among the boys who are searching, and the girls
who hope they're found
If you look for me, I'm the one you see, who's dancing
'round and 'round

And I'll be... chorus

Come on music, wash my tears away, come on
darkness, cover up the day

chorus

I'll be dancing 'round and 'round
