Here's your lunch money, you better hurry for the old
school bus
Did you clean your teeth this morning
I know you hate it when I start to fuss
Here's the letter for your teacher, your dinner's in the
freezer
Five minutes in the microwave
Don't wait for me this evening, I'm probably working
late

Your dad is coming over with his new lover and I don't
wanna be around
So I'm gonna do some shopping, I'll buy you those
stockings
I'll be back in half an hour
Oh it's my anticipation, there'd be a confrontation
I know how much it breaks your heart
Let's be pleased for him - he's trying to make a brand
new start

Chorus:

It's not Heaven but it's all we've got, you have to
understand it
I wanted Ozzie and Harriet, with a picket fence around
it
But that was all an illusion, now we're living in reality
But we're gonna have a happy ending - you and me

We'll spend the weekend playing, I hope it won't be
raining
When we go to the game with Dan
I know you think he's boring, but this time don't ignore
him
Won't you give him half a chance
No he's not as fun as dad, but there's good as well as
bad
In hanging on to yesterday
I'm not trying to replace him, guess I'm really trying to
say

chorus - together I know we'll survive

Rebuild our lives together, one day at a time

It's not Heaven but it's all we've got, it's not the way I
planned it

I wanted Ozzie and Harriet, with a picket fence around
it

But that was all an illusion, now we're living in reality

But there's gonna be a happy ending, wait and see

Yes there's gonna be a happy ending for you and me

You better hurry for the old school bus
