Cold winds rarely blow, here at the end of the rainbow
Guess it's hard to believe, I'd be willing to leave
Someone walked up behind me, seemed to find me
I felt him standin' there, I turned around and saw the
face of an angel,
I fell it just wasn't fair, it just wasn't fair

Chorus:

He took my heart, it was a landslide, you know it was a
landslide
My head was saying, this is the man, my heart agreed
My minor desires turned to major needs, my needs
won't be denied
It was a landslide

Somehow I'm thrilled by all he says, high on his
campaign promises
I don't wanna come down, I don't wanna come down
But no promises he made me could persuade me
Like the loneliness that comes on when I try to go on
without him
(Try to) doubt him, I confess, I have to confess

chorus

(I'm in heaven when he's around) I'm in heaven
(In heaven when he's around) ooh this is heaven
(And I'm hopin' that he might be) hopin' he might be
(Feelin' the same as me) I'm in heaven, heaven
(It isn't hard to see) hard to see

chorus

I'm gonna tell everybody I see, he's the only party for
me
It really was a, it really was a
You know it was a landslide, it really was a landslide
My head was saying, this is the man, my heart agreed
My minor desires turned to major needs, my needs
won't be denied
It was a landslide, ooh it was a landslide

He took my heart, it was a landslide, oh it was a
landslide
He took my heart, it was a landslide, oh it was a
landslide...
