Music makes my day, it warms an empty place when
you're away
Music makes my day
Love, you are my song, your melody's so soft, your
love so strong
Love, you are my song

And tho' good fortune seems a long time callin'
The sadness creeps into my song
My pearly friend would gently soothe me and sing
along

Music makes my day, it seems my waiting hours just fly
away
Music makes my day
If I lost my friend, these loving words no normal song
would end
If I lost my friend

And tho' good fortune seems a long time callin'
And sadness creeps into my song
My pearly friend would gently soothe me and sing
along

Music makes my day, it warms an empty place when
you're away
Music makes my day, you know, it makes it
