I wanna love you once again, couldn't you love me too
Don't turn away from all that we've been thru
Everyone changes, be my friend, haven't you got the
time
Help me, I need you, throw me down a line
Chorus:
Please don't keep me waiting, I can't hold on much
longer
Please don't keep me waiting, I can't love you any
stronger
Please don't keep me waiting, I can't take this kind of
pain
Take me back in your arms once again
Living on dreams from yesterday, waking and you're
not here
I wanna see your face, I want you near
Now is the moment we must live, you can't run and
hide
I know you want me too, down deep inside
