It's early in the morning, today I'm movin' away
Sittin' here for the last time, makes me feel so strange
My life here has ended, like a pulled-up [queen]
Don't play no sad songs, don't make me cry

The situation reminds me, when I went away to school
My friends they all called you, and said I'd been made
a fool
My boyfriend he left me, for my best friend
Oh, don't play no sad songs, don't make me cry, 'cause

Chorus:

Sad songs are tearin' up my heart again
Loneliness is standing in my path again
I can feel it coming, I can hear it calling out my name

I don't wanna remember all I'm leavin' behind
The radio plays a sad song and brings it on
Loneliness surrounds me like clouds bring rain
Ah, don't play no sad songs, they'll make me cry,
'cause

(chorus repeats out...)
