I want you, but takin' it easy ain't an easy thing to do
And I want you, want you, you must know, 'cos baby I
can't begin to keep it in

Chorus:

Our love is so hot, totally hot, you got to me
Baby, baby, so hot, totally hot, you got to me
Gimme what you got, ready or not, my love is totally
hot

I'm burnin' up, and if my mama could read my mind
she'd lock me up
And I'm burnin', burnin'
You must know, 'cause baby when you're around I
come unwound

chorus

[
Play the game and let me do the same
And we're gonna get along, gonna get along, gonna
get along fine

Watchin' out for my heart
But when I am near you, near you ain't the place to
start, no, no, no, no
Takin' it slow, whenever I cross your trail, my brakes
just fail

chorus

] (repeats 2x)

Gimme what you got, ready or not, my love is totally,
totally, totally hot
(repeats out)
