"Warm And Tender"

Warm and tender is my prayer for your world, that I
surrender to my girl
All my life I've waited for the angel you are
You're the dream that I knew you'd be
And I love you completely my Chloe, Chloe

Warm and tender, I will color your days, with smiles
and friends along the way
From the silver morning to the blue velvet night
Through it all you can count on me
And I love you completely my Chloe, Chloe

I'll make you a world to grow in, where you will be safe
and free
I'll save you a greener world, where you can be

Warm and tender you will heal all the world
Your touch can mend a mother's heart
Everyday I'm thankful for the blessing you are
You're the future, the hope we need
And I love you completely my Chloe, Chloe, Chloe,
Chloe
