You got me feeling so happy
(feeling so sad)
Only smiling when you're with me
(She's got it bad)
I look around for someone new
(Waisting her time)
But no one can compete with you
(and that's a bad sign)

My friends I don't hear what they say
(talking to you)
My heart's million miles away
(what can we do?)
And I don't know whether to laugh or cry
(Please don't ask me)
But I know I've kissed my heart goodbye
(it ain't easy)

(We tell her she's waisting her time
But still she finds..)
You're on my
you're on my mind
on my mind

And every day is just another
(day without you)
and I don't know why I bother
(thinking about you)
I see you should I run and hide?
Well I get home to slam the door and shut the world
outside

(We tell her she's waisting her time
But still she finds..)
You're on my
you're on my mind
on my mind
on my mind
on my mind
