During the mass you're... the truth !
messenger of god's word in the earth !
During the mass you're... the law !
... the spiritual purity !?!
But in the night
Behind the cassock
The sodomy is released !
The sodomy is released !
You have the power... to censor !
You condemn the people with your voice !

'Cause you're society's example !
And church doesn't want... impurity !
God's preacher - unmasked sodomite !!!
During the day you're... hypocrisy !
Painted on your face i see... the lie !
Hiding yourself behind... the cassock !
Leaving your morbid act... in impunity !
