"Belfry Of Sorrow"

Visit "[Belfry Of Sorrow](#)" on MotoLyrics.com

Screams and moans
Emerge from the church
Among the shadows
A brutal military figure
Tortured beings
Forced to suffer
Destroyed minds
That must die
Dismembered bodies
Spread without mercy
Violent souls
That will suffer forever
Violated souls
That won't rest in peace

Mastered of torture
Looking somebody to kill
Following and devouring
The ones with an ideal
Masters of suffering
Executioners of shadows
Tormenting and destroying
The ones with an ideal
Belfry of moan
Belfry of terror
House of torture
Altar of blood
