The image of us, you will relive forever, burned like the sun

It will be, etched forever, flowing pain

Our ecstatic pain, like disease, consumed with ease!

Until victory, no more hypocrisy,

Burning within, flowing free, through me!

Demonized!

[Solo: C. Illanes]

We'll stand alone, or we'll live the fever, no rejections

Confirmation! Until victory, no more hypocrisy

Burning within, flowing free

Burning free, through... me!

Demonized!

Be careful what your wishes are

Greed to obtain the darkness

Intended to be spiritually uplifted

Reach the balance between the opposites

Until victory, no more hypocrisy,

Burning within, living free,

Until victory, no more hypocrisy,

Burning within the flame

Demonized!
