Slowly fall the tears on me
Slowly leave the mercy out
Trembling skin, sweating body
Dying groan, twisted mind

Quickly opening her legs
Quickly rise high the knife
Trembling skin, sweating body
Dying groan, twisted mind

Psychopath, psychopath
Psychopath, psychopath

Quickly bleeding on the mist
Quickly butchering her
Slowly coming in her face
Slowly leave the mercy out

Trembling skin, sweating body
Dying groan, twisted mind

Psychopath, psychopath
Psychopath, psychopath
Psychopath, psychopath

Psychopath, psychopath
Psychopath, psychopath
