Bloody deeds
Unforgettable memories
Of the great emperor's cruelty
Terrifying acts
Eternal courses
On the sinner souls
Of the reing
Stuck bodies
Asking for mercy
From the spears
Of eternal pain
Ripped apart bodies
By the great emperor's
Thirst of revenge

Victory in death
Rumanian impaler
The order of the dragon
Guides your steps
Rumanian impaler
You'll always fell
The cry for mercy
The pleasure of genocide
The pleasure of torment
And the fright of your enemies
Vlad morbid rules
Vlad unmerciful rules
