My phone started ringing
When he pulled in your drive
They couldn't wait to tell me
What you did last night
What were you thinkin'
Did you think I wouldn't hear
Everybody knows
Everything that goes on here

[Chorus]

You can't cheat in a small town
The truth will beat you home before the sun goes down
There's probably someone watchin' you right now
You can try to hide it
You can try to deny it
But girl you're gonna find out
You can't cheat in a small town

Who's your little trick
Must be from out of town
I can't wait to meet him
When I see y'all out
And I'm just dyin' to tell you
Who I ran into today
But I'm sure you'll find out anyway

[Chorus]

You can't cheat in a small town
The truth will beat you home before the sun goes down
There's probably someone watchin' you right now
You can try to hide it
You can try to deny it
But girl you're gonna find out
You can't cheat in a small town

Don't need fingerprints or evidence
You can count on your neighbors
Or one of your friends
That somebody knows
Yeah, you better know

[Chorus]

You can't cheat in a small town

The truth will beat you home before the sun goes down

There's probably someone watchin' you right now

You can try to hide it

You can try to deny it

But girl you're gonna find out

You can't cheat in a small town

No, no

You can't cheat in a small town
