The show comes to a close for this puppet  
Cut my strings, set me free my savior  
Away from everyone and everything my master  
Cut me away from life, from civilization  
Let me, the puppet, whittle away and die

I've been born to serve you  
I'd never say anything you wouldn't want to hear  
I'd let my innermost self die  
Just so my pain is visible and clear

You've exiled me, I was out of use  
So now I will roam this land alone  
Always searching for myself by myself  
But my name will forever be marked unknown  
Through wicked clans and buried lands  
I chart my travels alone

What are you going to do  
When the same coward arises as an entity of one  
The persona of a man tied by strings  
Once manipulated although the memories that were  
never gone  
Rises to power through his new found self

It seems like karma has come to strike  
You've seen it coming through the blackness of the  
night  
But as sudden as the flash of a light  
The kingdom falls, while you scramble and run for the  
remainder of your life

And now the puppet strings the master  
Locked in time and forever, left to dance  
Will the former puppet, born a mad man release his  
prey?  
Not the slightest chance

Dance for the remainder of your life  
As long as you're tied to these strings  
You'll dance to the music  
Of my suicidal song
