Carrying the weight of the world on your shoulders
Prying the freedom of the hopeless with your fingertips
Heaven on earth might seem far from bliss
Hardening the homeless when death gives its kiss

Calling in and fallout
Drown the earth without a second doubt
Hell arises from the waters
As our plague begins to work its wonders

Fall into slumber
Hear the days of wonder
When the glory is what you die for

The Agnostics of Mankind
Surely aren't divine
The Agnostics of Mankind
Shape the land in which is mine

Drop the bombs upon the lives
Seize the day when good men die
Forever more the truth we hear
Calls upon the judgment which will soon be here

The tears might the eyes of the children
Hope within them slaughtered which shouldn't been
Separated by families at age
The day the drafting turns the page

The Gods look down laughing
About the failed experiments we are
When we decide to make ends meet
Is the day that the curtains call
He calls
They call

Fall into slumber
Hear the days of wonder
When the glory is what you die for
The Agnostics of Mankind
Surely aren't divine
The Agnostics of Mankind

Shape the land in which is mine

The Agnostics of Mankind

Surely aren't divine

The Agnostics of Mankind

Shape the land in which is mine
