Silently you approach me
Silently I wait
Silently the water comes too late

Silently I watch you
Silently, an ache
Silently my heart begins to break

It's pouring out around me
I can't believe a word you say
I can see you talking, but not that way

How can I believe you, if everything you say is true?
I'm sorry, but it's so confusing just being you

Why don't you leave me alone?
Why don't you leave me alone?
Why don't you leave me alone?
'Cause I don't wanna be on my own

It's a real reminder of all I have to do
Just to be myself in front of you

And baby, it ain't worth it
Just to bring me peace of mind
Just a little piece of you and me, unkind

'Cause nothing makes me so unhappy as listening to
your lies
So you can just forget it, I don't wanna give in and try

Why don't you leave me alone?
Why don't you leave me alone?
Why don't you leave me alone?
'Cause I don't wanna be on my own

And I give up forever the pursuit of peace in us
'Cause nothing makes me wanna hold this life so long

Why don't you leave me alone?
Why don't you leave me alone?

Why don't you leave me alone?
'Cause I don't wanna be on my own
