Our future doesn't look that good
Contemplating moving on when I think I should
I think about everything that we've ever been threw
And how can I move on when I'm not over you
And after every moment you ever spent with me
I've lost you when I never thought it would be
It was you and I forever, cause I thought we would
never
I thought you'd be the one and not just a girl to
remember

I wanna move on movin on
Wanna get you out of my head
Cause with these thoughts of without you
I wish that I was dead

When its time to finally move on
And I've written all of your songs
And I'm done wishing that you'd just come back to me
But I just wish you'd see what I see
Cause I've gotta move on but I just don't want to
Cause I'm not ready to let go of you
And I don't think that I will ever be
Cause I never wanted to leave

I wanna move on movin on
Wanna get you out of my head
Cause with these thoughts of without you
I wish that I was dead

The only way to revive me
Is to bring back what we had
tried too many times
No matter what I cant do it
Don't think of you I've gotta move on
But your thoughts fill my head

I wanna move on movin on
Wanna get you out of my head
Cause with these thoughts of without you
I wish that I was dead

I wanna move on movin on
Wanna get you out of my head
Cause with these thoughts of without you
I wish that I was dead
