Step off the stage
Another girl, another day
But I don't want to live my life this way
I want someone that cares about me,
Care about, Something that I can't go without

Save me, I'm slowly falling down
Tonight I want a taste of what I'm living without
The morning when everyone is gone
And I'm left with a taste of where I was all along

Never tired of the parties,
But the life I lead,
Is pleasurable but my heart it doesn't feed
Gotta have someone that cares about me
The girl my heart feels and needs

Save me, I'm slowly falling down
Tonight I want a taste of what I'm living without
The morning when everyone is gone
And I'm left with a taste of where I was all along

Wake up the morning after, when they're all gone
It's not what I want, Not where I belong
I want them to care about, To be there
I'm done with all these flings and all these affairs

Save me, I'm slowly falling down
Tonight I want a taste of what I'm living without
The morning when everyone is gone
And I'm left with a taste of where I was all along
So, save me, I'm slowly falling down
Tonight I want a taste of what I'm living without
The morning when everyone is gone
And I'm left with a taste of where I was all along

So save me, Save me
Yeah save me, Save me
So save me, Save me
Yeah save me , Save me
