Look into these walls  
Listen to the stories that they tell  
There to remind me of what I had  
The times when I happen to be sad  
This tale is long and it is free  
The times when I was so happy  
With every not and every grain  
The wood reveals all of my past pain

When the hard times settle  
And the pain goes away  
Everything will be fine  
Cause tomorrows a better day  
When the hard times settle  
And the pain goes away  
Everything will be fine  
Cause tomorrows a new day

The memories that come back to me  
The painfulness they bring they are guilty  
But I don't feel it that bad this time  
Because I know it's only in my mind  
I smoothed it out once before  
So this time it's gonna get ignored  
Your not gonna make me feel the way I did  
Because I'm over all of this

When the hard times settle  
And the pain goes away  
Everything will be fine  
Cause tomorrows a better day  
When the hard times settle  
And the pain goes away  
Everything will be fine  
Cause tomorrows a new day

And I will listen but I don't talk back  
Cause I wanna hear the ending (the ending)  
This time no tears will sprout  
Done before so I have ran out  
Tell me my past which is settled and over with

And it's ok cause no tears will come back

When the hard times settle  
And the pain goes away  
Everything will be fine  
Cause tomorrows a better day  
When the hard times settle  
And the pain goes away  
Everything will be fine  
Cause tomorrows a new day
